

A diagram illustrating a geometric transformation. On the left is a light blue rectangle with a black border, containing the word "Image" in a monospaced font. A horizontal black arrow points from the right side of this rectangle to the left side of a light blue parallelogram on the right. The parallelogram also has a black border and contains the word "Image" in the same monospaced font. The parallelogram is sheared to the right, with its top and bottom edges parallel to the original rectangle's top and bottom edges, but its left and right edges are slanted.
