loadSeries
binaryCongeal

testCongeal

Loads in images
Resizes image
Runs binaryCongeal
{ Outputs mean images (congealed)
{ Outputs histograms of values
↑ both graphically

Discarded

---

membership

deLucaFuzzy

- Fuzzy entropy equation
- Obtains membership
- Outputs entropy

---

binaryCongeal

testCongeal

Loads in images
Resizes image
Runs binaryCongeal
{ Outputs mean images (congealed)
{ Output adjusted input images
↑ both in image form/array

Outputs final entropy value
Outputs array of entropy values per each iteration
Outputs time taken to run
